About This Manual

Welcome to the *CyberStorm* Installation Guide. This booklet shows you how to get the game installed and running.

For fast look-up of game commands, see the **Quick Reference Card**.

For detailed game play information, start the game and open the **On-Line Manual**. You can open this built-in help system with the On-Line Manual button on the Main Menu, or by clicking the ? button or pressing the ? key anywhere in the game.

Joysticks in Windows 95 are configured in the Win95 Control Panel.

Installing and Starting the Game

Installing the Game

1. Start Windows 95.
2. Insert the *CyberStorm* CD into the CD-ROM drive.
3. When the *CyberStorm* setup screen appears, follow the on-screen instructions.

Starting the Game

1. Start Windows 95.
2. Insert the *CyberStorm* CD into the CD-ROM drive.
3. Select the Start Game option when it appears

Additional Setup Help

During installation, TEST SYSTEM checks to make sure your computer can run the game correctly.

If you have trouble installing or starting *CyberStorm*, open the *CyberStorm* README file in the Sierra program group or folder or on the CD.

After game installation, the "Setup" program in the Sierra program group or folder lets you re-install the game, re-test your computer, uninstall the game, register, or view detailed Support and Setup Help information. To start it, just double-click on the Setup icon.

Troubleshooting

Error Messages

General Protection Fault: Try updating both your Windows Video Driver and your Windows Sound Card drivers. Contact your video card and sound card manufacturer for more information.

Not Enough Memory to Run This Application: Try closing all other programs or screen savers before launching *CyberStorm*.

Other Problems

If you have already looked at the *CyberStorm* README file, check out the on-line Setup Help. To open this, double-click on the "Setup" program in the Sierra program group or folder. Click SUPPORT, and then CONTENTS to find help on your specific system component or problem.

Technical Support

If you need additional help installing or using your Sierra product, and can't find the answer in this guide or in the README file, contact the Technical Support Department. You may call, write, fax, or contact us on one of the major on-line services that Sierra supports. (For sales information, back orders, returns, technical support in Europe, or other information, see the Customer Service section in this manual.)

Our Automated Technical Support line at (206) 644-4343 is available 24 hours a day, and provides recorded answers to the most frequently asked questions. Follow the recorded instructions to find your specific topic.

If you can't resolve your problem through the Automated Support line, you can contact our Technical Support representatives directly. If you choose to write or fax us, please provide detailed information on your computer system and the nature of your problem. In addition, please include your address and telephone number should we need to call back or send you information.
